

Monday 25 June 2012, Lyon

Draft #2 agenda

Context

Over IWRM-Net duration (European Research Area project, 2006-2010), research programmers launched two calls. The second one in 2009 has funded six projects:

	Water scarcity and drought	Economics and social values for integrated water management	Climate Change impacts and adaptation for IWRM
Projects		ESAWADI	
		WATER2ADAPT	
			Climate Change
			ICARUS
			IMPACT
		Water Cap and Trade	

As IWRM-Net ended in 2010, partners decided also to fund a specific project dedicated to the scientific and technical support of projects after the end of IWRM-Net.

IWRM-Net SCP mid term event aims at providing the opportunity to researchers and funders to meet. Researchers will present their project's state of progress, intermediary/final results. Funders are expected to present their current and forthcoming activities in terms of programming. Specific small scale workshops will also be organised on technical aspects of the program and on transversal topics combining themes of the calls.

Participants

- IWRM-Net second call funders
- IWRM-Net SCP experts
- Researchers involved in IWRM-Net 2d call projects

Aims

- Trans thematic discussions to highlight synergies or gaps among projects
- Presentation of research projects state of progress and presentation of intermediary/final results
- Presentation of funders current research program (+JPI presentation – TBC)
- Discuss the technical aspects of the call
- Presentation of EWC virtual platform

Location

Our mid term event is joint to IS River workshop and takes place at University Lyon 2, Campus Berges du Rhône - 18, Quai Claude Bernard, 69007 Lyon-France

Accommodation

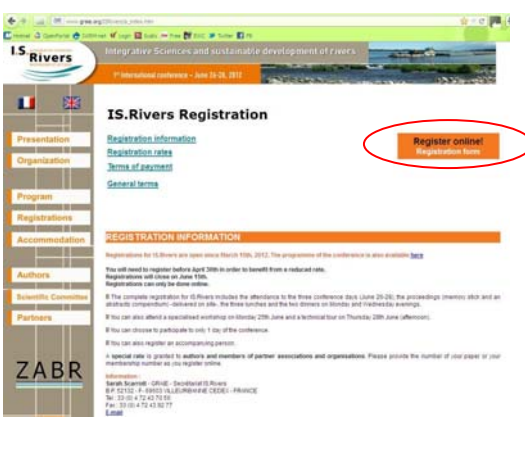

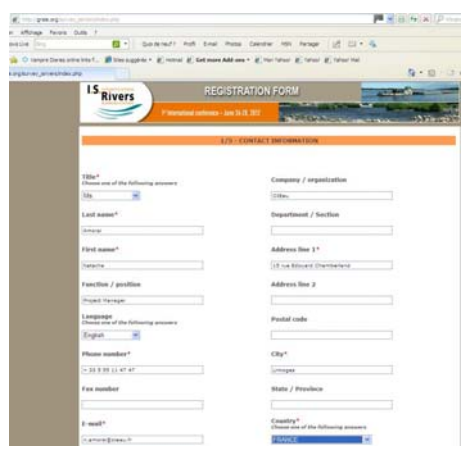

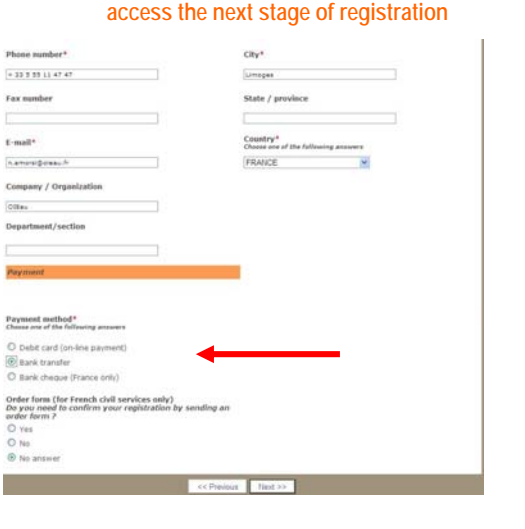

You can find a list of hotels and directly book on the page Accommodation from: http://www.graie.org/ISRivers/a_index.htm

Draft Agenda

Monday 25 June	
10.00-10.30	Welcome
10.30-12.00	Transversal thematic discussion
12.00-12.30	Virtual activities: EWC, web conferences
12.30-13.30	Lunch
13.45-14.15	Pecha Kucha projects's presentation: Esawadi, Water2adapt, Water cap and trade
14.15-14.45	Discussion
14.45-15.15	Pecha Kucha project's presentation: Climate change, Icarus, Impact
15.15-15.45	Discussion
15.45-16.00	Break
16.00-17.00	Funders research programming current and forthcoming activities
17.00-17.30	Closure

Registration

You need to register on line: http://www.graie.org/ISRivers/a_index.htm

<p style="text-align: center;">Click on register</p> 	<p style="text-align: center;">Fill in you personal data</p> 
<p style="text-align: center;">Click on one of the three payment methods – It is just to access the next stage of registration</p> 	<p style="text-align: center;">Click on Worshop 2</p> 
<p style="text-align: center;">Follow the next steps. It 's done 😊</p>
